# **Automation** ON DEMAND NOW UNTIL JUNE 2021 Automation Fair<sup>®</sup> — AT HOME

### **Frequently Asked Questions**

- 1) When and where will the 2020 Automation Fair® At Home event take place?
  - **DATE:** Automation Fair At Home took place November 16-20, 2020 and is available on-demand until June 2021.
  - **LOCATION:** Automation Fair At Home takes place within an interactive digital environment attendees can login from the comfort and safety of their own space and device.
- 2) How do I access Automation Fair At Home?

Registration is required to gain access to the event and on-demand presentations, which will be available until June 2021.

If you previously registered to attend, you may access the event with your unique login link. This was sent to you via email (the email will be from "Automation Fair" with the subject line: "Automation Fair At Home Final Confirmation and Login Information").

Please visit the <u>Automation Fair At Home website</u> to register or request your login link.

3) Is there a cost to attend Automation Fair At Home?

There is no cost to attend the overall event.

4) Is there a preferred browser to use for the best experience?

We recommend using Chrome or Firefox.

5) Will the virtual event be available on-demand after November?

Yes, the event will be available on-demand for six months until June 2021. This includes access to the virtual exhibit halls, sessions (DX Strategists, Product and Technology sessions, PSUG, and Industry Forums) and keynote presentations from Perspectives. Hands-on labs will not be available on-demand.

6) Will session presentation materials be available for download?

Yes, materials are available for download. They are accessible through each session – click on the session link and look for the "handouts" window.

7) Are the videos of the session presentations available for download? The videos of the session presentations are available for viewing within the virtual event environment. They are not available for download.
